## HOUSE TAKES UP INCOME TAX

Washington, May 6.—The overwhelming Democratic majority in the house today swept through the free list, bowled over all opposition to free wool, free meats and other necessities and passed on to consideration of the \$100,000,000 income tax feature of the Underwood tariff bill. Not a dissent was made in the bill as approved by the Ways and Means Committee majority. It was expected the measure would be passed unamended by the House tomorrow.

All day there was sparring across the aisle dividing the democrats and the republicans. Many amendments were offered by republicans in a forlorn effort to put many free listed articles back on the dutiable list, but all were voted down with a regularity that brought smiles even from the minority.

Finally, when the last of the proposed changes had been rejected, Representative Payne precipitated a lively rules fight by offering a brand-

new amendment to create a tariff commission.

Instantly all the parliamentary sharps on both sides were astir. Speaker Clark sat next to Democratic Leader Underwood at the front of the speaker's rostrum where Mr. Underwood has been conducting consideration of the bill. Representative Fitzgerald of New York rushed in from the Appropriations Committee armed with precedents and, followed by Representatives Sherley of Kentucky and Hardwick of Georgia, who joined in the majority protest against admitting the amendment. On the republican side, Leader Mann, Representative Gardner of Massachusetts, Representative Payne of New York and others conferred and addressed the house.

It was all over quickly. Representative Garrett of Tennessee, in the chair sustaining a point of order made by Mr. Underwood that the tariff commission amendment was not germane to the bill.

When Representative Mann appealed from the decision the House sustained the chair, 164 to 87.

## PONTOTOC CO. LANDS BRING GOOD PRICE

Agent Reynolds, who first stated that the average price paid for unallotted lands sold here Monday averaged between \$5 and \$6 per acre, informs the News that when he checked up the records he found that the average was about \$8 per acre. Some of the land sold as high as \$11. In view of the fact that this was the third or fourth sale, and all of the desirable land had been sold, this price was unusually high.

## LEGISLATURE WILL RECESS

WILL PROBABLY ADJOURN FOR FIVE WEEKS.

Oklahoma City, Ok., May 6.—A recess of the legislature is to be taken at 6 p. m. Saturday, May 10, and the session will resume at noon on June 16.

Such was the report of the conference committee, to which the Rexroat resolution had been referred, and it adopted on roll call in the House. The Senate, it is stated, will agree.

As a result of the solution both houses are putting to the front the most important measures, and expect to work nights during the week. There has been revived talk of taking up the congressional redistricting matter. In the senate, the disposition is not to consider this legislation until the governor submits it by special message. If the leaders want it, the governor would not object to opening the subject and if not handled before the recess, the belief is it will be afterward.

The State Capitol bill, which has passed the house, is due from a senate committee tomorrow, and, with the general appropriation bill which has also been adopted by the house, will be given the right of way.

The senate today completed the general deficiency bill, carrying a total of nearly \$300,000 and passed it by a vote of 24 to 11. It was defeated last week, but revived on a motion lodged to reconsider.

Greater protection for the state's supply of natural gas is provided in the Meminger bill adopted by the Senate today. Wells that do not flow oil in commercial quantities, but flow gas to the amount of 2,000,000 feet per day of twenty-four hours must be capped, or, if the owner desires to bore for oil he must within ten days case the well so as to protect the gas.

flow against waste. Senator Sutherland did not think the 2,000,000-foot limit should be put in the bill, for, as he explained to the senate a well flowing 500,000 feet was regarded as a rather healthy one. Unless the limit is reduced he said, drillers finding small wells would abandon them and the gas would waste just the same. In the Cushing field, Senators have been informed gas wells flowing as much as 10,000,000 feet per day would be left to run wild so the pressure could get down to a point that would permit boring for oil, a more remunerative product. It was due to this practice that an order was made by the Interior Department in Washington that the supply of gas on Indian lands would have to be conserved.

Senator Jones told the senate all of this had been laid before him by John Smith of Independence, Kan., now operating in Oklahoma and he suggested a method of preventing the waste. The details, Senator Jones said, were given to Judge D. A. Richardson of Oklahoma City, with request to draft a bill. Senator Jones assumed all the responsibility for the bill and asked the senate to eliminate any idea about the Kansas Natural or the Oklahoma Natural Companies being interested in its passage.

Replying to Senator Sutherland the Sapulpa Senator said he believed the present law would require the capping of gas wells below the 2,000,000-foot mark flow, but it was admitted that a penalty was lacking. The measure is fashioned after the law of Indiana.

West Virginia and Pennsylvania. Vote on final passage was 25 to 7.

This was followed by passage of the Roddie bill which undertakes to define the common ownership of gas in a field along the line advanced by the corporation commission, and is to be in aid of the Carr act of the regular session. The latter act requires gas pipe lines to become common pur-

chasers and common carriers of gas and is now an issue in the Federal court in a suit for injunction filed by the Oklahoma Natural Gas Company.

### St. Louis Girl Weds

Titled Englishman

St. Louis, Mo., May 7.—Sir Wilfrid Peek, a typical young Englishman of title, with a passion for globe trotting and big-game hunting, today claimed a St. Louis girl, Miss Edwina Thornburgh, for his bride. The wedding took place this afternoon in the First Presbyterian church and was a most brilliant affair. The Rev. W. J. McKittrick, pastor of the church, officiated. The bride and her sister, Mrs. John H. Holliday, as matron of honor, and two of Sir Wilfrid's sisters were among the bridesmaids. Mr. Arthur Benyon of London acted as best man. Following the ceremony at the church a large and brilliant reception was held at the home of the bride's mother, Mrs. William C. Stribling.

The wedding of Miss Thornburgh and Sir Wilfrid Peek is the culmination of an interesting romance. The pair first met while Miss Thornburgh was traveling in Europe. An acquaintance and courtship followed and soon the engagement was announced. Sir Wilfrid was hunting in India when he received a cablegram from Miss Thornburgh naming the wedding day. He caught the first liner from Calcutta and arrived in London on April 14. In London he found a great array of wedding presents waiting for his bride, including thousands of dollars' worth of gold and silver plate from relatives and friends.

Sir Wilfrid had the presents packed in two boxes, intending to bring them to St. Louis to display at the wedding and then take them back to England. But on his arrival in New York he found that he could not bring them into the country without paying duty amounting to almost fifty per cent of their value. So he left them there, and will reclaim them before he departs with his bride for England a few weeks hence. The couple will make their future home at Sir Wilfrid's estate in Devonshire.

### Iowa Doctors Meet at Des Moines.

Des Moines, Ia., May 7.—Between five hundred and six hundred medical practitioners representing practically every section of the state are in attendance at the sixty-second annual convention of the Iowa State Medical Society which opened here today at the auditorium for a session extending over three days. The business sessions over which president Dr. V. L. Treynor of Council Bluffs will preside will be held in the forenoon, while the afternoons and evenings will be devoted to discussions of medical and surgical matters. Various entertainment features, including a banquet, a smoker, a ball, and several theatre and card parties have also been announced.

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

That last shipment of booze is a disgrace to any hard working law abiding bootlegger. It has so much acid in it after one has taken a drink and blows his nose he burns a hole in his handkerchief. Give us back the good ol' days of peruna and red ink.—Pauls Valley Free Lance.

The Oklahoma City booster train visited Guthrie on the way home, and from all accounts were given a cordial reception. That does not mean brickbats, either. Evidently the two neighbors have decided to bury the hatchet and join hands in the work of putting Oklahoma to the front.

Somewhat it occurs to us that a great deal of unnecessary noise has been made over the alien land law of California. Of course Japan does not like it, but the United States and state governments are supposed to be run to suit the people of this country and not to please the whims of foreigners. If the Japs don't like the law they can go elsewhere or else stay at home altogether.

Press dispatches state that at Cherokee, Kansas, there are no fewer than sixty charming widows who are much interested in old bachelors. Please excuse us, ladies, judging from your number it appears that the lives of the masculine element of the population in that region is altogether too short to tempt any but the most desperate to defy fate. We prefer to live several years longer rather than leave a widow bearing our name.

## Fertilizer for Potatoes.

"Your much appreciated favor advising me that the samples of fertilizer sent you were muriate instead of sulphate of potash, as represented, has been received. Both firms are outside the state. Whether or not I am in error, my understanding is that sulphate of potash is the proper fertilizer for raising both sweet and Irish potatoes. Please advise me if this is correct and tell me whether the enclosed sample is sulphate of potash and what per cent of actual potash it contains. I am certainly thankful that this state has an institution where we can appeal to and get prompt information for our protection."—F. C. Bluff, Oklahoma.

While sulphate of potash is preferred by many to the muriate for raising potatoes, there is ample evidence that the muriate is satisfactory. Fertilizer authorities, however, usually recommend the sulphate.

The sample you have submitted is sulphate of potash and contains approximately 48 per cent potash and is worth about \$62.00 per ton. The muriate, containing 50 per cent potash, may be obtained for \$57.00 per ton.—Charles K. Francis, Chemist, Experiment Station, Oklahoma A. and M. College, Stillwater

## A FAIR WARNING

One That Should Be Heeded by Ada Residents.

Frequently the first sign of kidney trouble is a slight ache or pain in the loins. Neglect of this warning makes the way easy for more serious troubles—dropsy, gravel, Bright's disease. 'Tis well to pay attention to the first sign. Weak kidneys generally grow weaker and delay is often dangerous. Residents of this locality place reliance in Doan's Kidney Pills. This tested remedy has been used in kidney trouble over 50 years—is recommended all over the civilized world. Read the following:

J. M. Page, carpenter, Fourth St., Holdenville, Okla., says: "I can recommend Doan's Kidney Pills. They are just as represented. My kidneys were disordered and the kidney secretions were irregular in passage and filled with sediment. My back ached and I had pains through my sides. When I heard about Doan's Kidney Pills, I used them and they soon made me well."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

"This Is My 42nd Birthday"—Mrs. Pennybacker.

Mrs. Percy V. Pennybacker, the president of the General Federation of Women's Clubs, was born May 7, 1861, in Petersburg, Va. Her maiden name was Anna J. Hardwicke. She received her early education in the parsonage of her father, the Rev. Dr. John B. Hardwicke. As her family subsequently moved first to Leavenworth, Kas., and then to Huntsville, Tex., she completed a high school course in Leavenworth and afterward was graduated with the highest honors from the Huntsville State Normal school. She had been teaching several years when, in 1884, she married Percy V. Pennybacker, of Tyler, Texas, who died in 1899, leaving three children to her care. Mrs. Pennybacker was a high school principal for ten years and in the course of her career as a teacher, covering fourteen years in all, she made several noteworthy contributions to educational literature, including a history of Texas. Of late years Mrs. Pennybacker has made her home in Austin.

H. J. Landers and Frank Wheeler were passengers to Coalgate this morning.

## Purifying Cistern Water.

"Is there some way to purify the water in a cistern without hardening it or having to empty the cistern? I have a full cistern. The water is comparatively clear, but I am told that it had wiggletails in it last year."—M. C. C., Claremore, Okla.

I have your inquiry of March 27 regarding the purification of cistern water. Probably you are bothered with a small amount of organic matter, which may be oxidized by means of a small quantity of potassium permanganate, which may be obtained from your druggist. You do not state the capacity of your cistern, so I suggest that you dissolve one ounce in a quart of water, which should be poured into the cistern with stirring, if possible. Should this amount be enough to make the water a light pink, do not hesitate to use, as it is not at all dangerous. In fact, the permanganate should be added just to a point where a slight pink is produced. This method of purifying water is often used by armies, and in the Japanese-Russian war was found to be very valuable to the Japanese.—Chas. K. Francis, Chemist, Oklahoma A. and M. College Experiment Station, Stillwater.

## ALLEN NEWS.

Attorney W. B. Toney returned from a business trip to Holdenville Saturday.

Dr. C. M. Means returned Friday from McAlester where he attended a meeting of the Masonic Fraternity.

Edgar Pegg of Davis, Okla., was in Allen last week, visiting relatives. W. M. Pegg returned the latter part of last week from a business and pleasure trip to McAlester.

Mr. Deal of Ada, a former citizen of Allen, was renewing old acquaintances here last week.

B. O. Fry returned Friday from a business trip to Ada.

J. A. Hurtz the oil man, went to Coalgate Saturday to spend a few days.

Miss Gertie Rhea spent Sunday with her parents at Moller.

J. E. Smith, our enterprising hotel man, went to Roff Sunday to spend a few days.

The school board of the Allen district have elected the following teachers for the coming year. Supt. O. H. Graham; 6th and 7th grades, Miss Tanie Poland; 4th and 5th grades, Miss Mamie Dye of Phillips; 2nd and 3rd grades, Miss Ella Barnett; 1st grade, Miss Annie Drake, and primary Miss Emma McFadden.

T. E. Smith and wife returned Friday from a visit to relatives at Holdenville.

Whitely Bros. have purchased forty acres of land lying west of town from Frank Huddleston and wife.

The government land sale at Ada Monday will take a large crowd of purchasers from here. It is predicted that the land will bring a higher price than it did at the last sale. Everybody seems anxious to put their money into land which shows the prosperity of this section. The following are those who have announced their intentions to attend: John Locke, Joe Grandell, A. A. Caldwell, Arthur Olive, Tom Cagle, Lee Brumfield, Dr. C. M. Means, B. O. Fry, L. C. Webb and A. M. Cummings. The oil men are still taking leases in this vicinity, and the prospects are that there will be several oil wells sunk within the next six months. Rev. J. L. Walker of Konawa preached at the Baptist church Sunday. E. F. Simpson of Lehigh who is traveling for a wholesale grocery was in our city Tuesday.

The prospects for a bumper crop of corn and cotton in this neighborhood have never been better than they are at present, with good crops and the prospects of striking oil there will be greater prosperity in this vicinity than ever before.

Allen is without a jeweler now and an effort in being made to get one to locate here. This is good field and a good man would obtain a big trade.

## The Universe an Accident.

The universe, together with its parts, is nothing but a number of accidents, ever changing and being renewed at every breath and linked together in a single substance and at each instant disappearing and being replaced by a similar set. In consequence of this rapid succession, the spectator is deceived into the belief that the universe is a permanent existence.—By Nur-Addin 'Abd-Alrahman Jami.

## Siberian Land Threatened.

Extensive tracts of land in Siberia are threatened by the encroachment of the great Gobi desert, and a plan has now been drawn up for a series of forest ramparts to hold back the salt and drift. The only effective defense, according to the report of agronomists sent to survey the region is in tree belts at least two miles broad. It is proposed to plant one of these from Samara to the Caspian sea, while others are recommended extending in intervals of about 40 miles right up to the Chinese frontier.

## Smoking to Cure Deafness.

Harriet Martineau suffered from deafness. One who knew her writes: "The degree of deafness varied, and she tried all sorts of remedies. Under the advice of some scientific person she tried smoking. I had the privilege of providing her privately with some very mild cigars, and many and many a summer night have we sat together for half an hour or so in her porch at the knoll, smoking. She tried this remedy for only a few months, but she fancied it had a beneficial effect upon her hearing."

## Love Literature.

Write love letters only in winter when there are roaring fireplaces—then hope for the best.

## Rush for Nurse Licenses.

Dallas, Tex., May 7.—A much greater knowledge of medicine than ever before has been required will be necessary to become a licensed nurse in Texas after June 1. The plan received the unanimous support today at the meeting of the State Board of Nurse Examiners. As it has been known for some time that this action would be taken, it was stated today that the applications for license had been fifty per cent heavier in the past few weeks. It is expected that a record number of licenses will be issued between now and the time of expiration of the old regulations.

# May 27th and 29th CHATTANOOGA, TENN.

## United Confederate Veterans' Reunion

The annual gathering of the Old Veterans in Gray is always looked forward to with much enthusiasm. "The spirit of the Sunny South is Awakened." The preparations for the coming convention are extensive.

## Very Low Fares

have been authorized for this occasion. The rate for the round trip from Ada will be about \$15.80 with ample return limit for the trip. Definite dates of sale and return limits will be published later.

## Special Announcement

A NEW ROUTE is offered from Oklahoma via Saint Louis, Mo. This route leads through the scenic OZARK MOUNTAINS of Missouri into Saint Louis thence direct to Nashville, thence through the Cumberland Mountains, passing the battle grounds of Nashville, Stone River (Murfreesboro,) and Tullahoma. Tickets will apply via Memphis, Tenn. as well as Saint Louis, but not via one point returning via the other. You must go and return via same route. Details of special service will soon be arranged. Frisco Lines, Oklahoma City,  
Oklahoma

## Planning New Railway Line.

Dickinson, N. D., May 7.—Under the auspices of the Commercial Club of this city a big mass meeting was held here today in the interest of the project of building a new railroad line from here to Mott. Governor Hanna and many prominent citizens from various parts of this section were in attendance and enthusiastic speeches in favor of the project were delivered. Expert railroad engineers say the route is so easy and the grades are so slight that the line can be built for \$10,000 per mile. There would be

no bridges of any importance. By running the line to Mott much trade south of here can be retained for Dickinson. Connection can be made at Mott with the Milwaukee road and that will give another direct line to the twin cities and other eastern points and give Dickinson wholesalers and jobbers competitive rates.

The firm of Wright & Decker having dissolved partnership, A. A. Wright retiring, all parties indebted to the old firm please call and settle their accounts at once. 25-3t\*

## SUCSESSEUL SALE OF LANDS IN ATOKA COUNTY

Indian Agent, W. H. Reynolds, informs the News that the land sale at Atoka held Tuesday resulted in completely cleaning up the unallotted lands of that county. Some 9,700 acres was sold at prices averaging better than \$6 per acre.

I have a few hundreds pounds of pecans which I take this opportunity to give to my customers. With each cash purchase of \$5.00 or more I will give five pounds of pecans; will give five pounds of pecans to my 30 day customers who pay up promptly. J. D. Rinard. 20-1f

D. R. Robb informs the News that Dr. J. R. Craig saw a big timber wolf early this morning about a mile east of town. The varmints are evidently becoming bold and challenging a good race with a pack of dogs.

CITY LOANS—Straight 5 years, semi-annual or monthly payments. No catch plans. Reliable Fire and Tornado Insurance properly written. Ebey & Harrison Bros. 14-dtf

A fishing party composed of Ottilie Lindsey, O. J. Davidson, Roy Saffarans, Percy Simpson and Ed Madley returned Tuesday afternoon from a week's sojourn in the region between Bromide and Wapanucka. They report the finest luck of the season and brought home fifty-nine fish to show their friends what they did. They also found squirrels in abundance.

The De Sota offers its patrons two good ones this evening. The first is "The Spoiled Darling's Doll." This features the Thanhouse Kid and Kidlet, the best child actors on the American stage. The Kidlet plays the part of the doll. The Homestead Race, was staged in California but will present many Oklahomans familiar with the homestead conditions of early days.

### Best Cure for Insomnia.

Deep breathing is one of the best cures for insomnia, as it draws the blood from the brain to the lungs.

### Canadian League Starts Season.

Ottawa, Ont., May 7.—The Canadian Baseball league inaugurated its regular season today, with Hamilton playing at Guelph Peterboro at Berlin, St. Thomas at London and Ottawa at Brantford. The league officials predict the most successful season in the history of the organization. To all appearances the eight teams are more than usually well balanced, and in consequence a close and interesting pennant race is expected. A schedule of 112 games will be played. The season will close Labor day.

### Notice.

There will be call meeting of the Home Missionary Society Thursday afternoon at 3 p. m. Business of importance every member urged to attend. First Methodist church.

### Boys Sail on World Tour.

Boston, Mass., May 7.—Nearly three score of bright boys, members of the Boy Achievement Club of America sailed from this port today on a trip around the world. The youngsters, who formed a fine and healthy looking party and attracted considerable attention, were selected by prize competition from the boys in many large cities between San Francisco and Boston.

## MRS. MCGILL BROKE DOWN

Gives the Real Facts in Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good.

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

## COUNTY JUDGE'S OFFICE A REVENUE PRODUCER

The county judge's office is something of a revenue producer as will be seen from the following report for April.

Fees and fines earned, \$588.68. Expense of April term of county court: Jury, \$383; bailiff, \$24; Total expense, \$407. Net profit, \$181.68.

## WILL ASK COMMISSIONERS FOR APPROPRIATION

It is the purpose of citizens of Ada to appear before the county commissioners at their next meeting and ask that in their estimates for 1914 they include \$500 to aid in the payment of a county demonstration agent as provided for in the recent act of the legislature.

The national government pays half the salary of the local agent. During the first year of the work in Pontotoc county a few citizens of Ada paid the remaining portion, and at present it is provided for by the commercial club of Ada. However, every section of the county has been looked after, whether it was Ada territory or was tributary to some other town, and in view of this fact that all parts of the county are getting the benefit, it is thought that it is only fair to all concerned that the expense be thus equalized.

### Notice to Singers.

The District Convention No. 1 will meet with the Lula singing class (Moller) June the 14th and 15th, 1913. All classes in the district urged to send delegates. Singers out of the district are invited to attend.

LANNIE BLACK, Sec'y.

## TO TELL OF EXPOSITION

J. E. SIDWELL WILL TALK TO OUR FARMERS ABOUT THE BIG SHOW IN TULSA.

The farmers of Pontotoc county who are growing crops which they intend to exhibit at the International Dry Farming Congress in Tulsa next October will have a chance to learn all details of the exposition plans on Friday, May 9.—J. E. Sidwell, exposition commissioner for the Dry Farming congress, will be in Ada on that day. He will talk with all farmers and business men who are interested and will also hold an evening meeting at which he will discuss the value of the Dry-Farming Congress to the farmers and business men of this county. He will also aid in every possible way the plans which are now being worked out locally to have this county fully represented at the greater convention and exposition in Tulsa next fall.

Many thousands of dollars in prizes will be given away at this exposition and it is believed that most of the big prizes for cotton, kafir, Milo, feter ita, peanuts and other similar crops will go to Oklahoma farmers. Special prizes to the amount of \$500 or more will also probably be offered to the prize winners from this county. J. L. Barringer, Clint Palmer and R. W. Simpson, all of Ada, are the members of the present county committee, which may later be enlarged to include other active and interested men of the county.

M. L. Hunt was in from Okman this morning. He stated that his section did not get as much rain as fell at Ada, but that it came just right and just enough of it. Everything is looking prosperous in consequence.

## SLAYER OF KING GEORGE COMMITS SUICIDE

Athens Greece, May 6.—Aleko Schinas, who assassinated King George of Greece on March 8 at Saloniki, committed suicide this morning by flinging himself out of a window of the police station in that city. Schinas was a native of the town of Voto, Thessaly. He killed the king by firing point blank into his back while he was walking along the streets of Saloniki accompanied by an aide. Schinas gave an explanation for the crime that in 1911 he had applied for assistance at the king's palace and had been driven away.

A few days ago the doctors examined Schinas and announced he was dying of tuberculosis.

## ADA MAN MAKING

### GOOD WITH STRAWBERRIES

From what the News reporter saw of Sherwood Hill's two acre strawberry patch Tuesday afternoon he is inclined to think that the popular weaver of Pontotoc county is entitled to wear the crown as the strawberry king of this section.

When he first planted the patch there were many who laughed at his optimism in thinking that he could make a success of berries here. However, the laugh is coming the other way now. The first year dry weather caused him to lose his crop, but the next year he cleared over \$200. The present season he may reasonably expect a profit of \$500, for the luscious berries are thick as hair on a dog's back and they are unusually large. He made a contract with T. D. Turner & Co., for the entire crop and could probably sell twice as many crates as he will be able to get this season. Sherwood is just a trifle sore because it has been reported that some merchants have sold other berries claiming that they were some of his. He has had stickers printed and every box bears his mark. He says there are none genuine without that label.

The present crop is of the Klondike variety. However, by the time this crop is picked a later variety, the Aroma, will be ready for market.

Mr. Hill's success is due largely to the unflagging energy he has displayed in fertilizing and cultivating his patch. He has thoroughly demonstrated,

## Men Welcome Mother's Friend

A Duty that Every Man Owes to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those nervous spells; the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of its arrival. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Bradfield Regulator Co., 129 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend today.

## NORMAL NOTES

By MOIKE CASSIDY

Miss Fausta Durham will not accept the position offered her at Konawa, but will spend next year recuperating.

The Training school will offer a program to the public on the afternoon of May 23rd.

Teachers are enrolling every day now. Seven enrolled yesterday and four today. Watch us grow.

Mr. Perkins returned yesterday from Chicago where he has been taking some advanced work in the University of Chicago. Mr. Perkins will resume the direction of the training school at once, and, together with Miss McLain as supervisor, will complete the course of study for the training school and organize the work of the practice teachers. The student welcomes Mr. Perkins back and is glad that he refused some better positions to return to E. C. S. N.

The reporter inadvertently failed to mention that Miss Francisco assumed her duties as head of the domestic science department last week. Miss Francisco comes to the Normal from the Chickasha High school where she has taught for the last four years.

The faculty met yesterday. We don't know what they did but whatever it was it was probably a plenty.

Y. W. C. A.

The Y. W. C. A. Mission study class met at 8 o'clock this morning and had very interesting meeting. They are studying "Western Women in Eastern Lands." The Y. W. C. A. held regular meeting Wednesday from 10:30 to 11. Two girls will be chosen the last week of this term to go to Estes Park, Colo., to territorial convention. We have Bible study every Wednesday at 12:30.

## SOONERS AKE TWO FROM CENTRAL NORMAL

Norman, Okla., May 7.—Tuesday of last week the Oklahoma Sooners defeated the baseball team of the Central State Normal at Edmond by the score of 6 to 3. Saturday the Teachers returned the game at Norman, but again met defeat at the hands of the Owennites by a score of 4 to 0. Out of the nine games played thus far in the Oklahoma University schedule, the Sooners have won eight. Some of the ablest college aggregations of the country have gone down before the fast University team this season and Sooners supporters are expecting the Owennites to annex a number of other victories.

## GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hair before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

Get a fifty-cent bottle from your druggist today. He will give you money back if you are not satisfied after a fair trial. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

### SPECIAL NOTICE

The civil service commission has agreed to allow graduates in our agricultural course to compete with students from other colleges for the position of Scientific Assistant in the Agricultural Department. This position pays \$1200 per year to start with. This opens the way for any ambitious young man who has been unable to attend out of the state schools. We teach you during your spare time. Write for catalogue and terms.—International Correspondence Schools Scranton, Pa.

### Oklahoma News in Brief.

Thomas Fullerton, 60, of Segdon, formerly a workman in the Cushing oil field committed suicide by shooting. He had been despondent because of non-employment.

Announcement is made by the Oklahoma Baptist college at Blackwell that the Rev. B. A. Loving of Woodward has been appointed corresponding secretary and financial agent of the institution.

Miss Gladys Matthews, a 16-year-old Dewey high school girl, is the champion speller of Washington county. She won the contest and is to be the county's representative at the state contest to be held in Oklahoma City May 20.

Congress is to be asked to make Pawhuska a federal court town. Because of federal jurisdiction over the big Osage Indian reservation, Osage county and Pawhuska furnish a large part of the federal court dockets. Prior to statehood Pawhuska was a federal court town.

The annual state convention of the Fraternal Order of Eagles is in session at Bartlesville for three days. Five hundred delegates are in attendance and as many more are expected. Frank Skuer, president of the Commercial Club of Bartlesville, is being boomed for state president.

This evening Hayes and Hayes will appear at the Majestic in a delightful Dutch comedy sketch with songs and the radium dance by Miss Hayes. Refined and up to date. Besides this there will be two good pictures, "The Prodigal Brother," in which a sister is subjected to severe trials as the result of the deeds of an erring brother. "Bound to Occur" is the out screaming comedy ever put on the stage.

### ADDITIONAL LOCAL.

W. R. Riddle is going into the potato business on a large scale this season. He informs the News that he has already put out 9000 Bradley yam slips.

Dr. A. G. Austell was in from Center today.

W. S. Stone informs the News that the rain at Center was evidently considerably heavier than around Ada. The examining trial of Grover Blackburn, charged with larceny of a cow, was held at the court house today. He was bound over on bond for \$1,000.

WANTED—Cook at Orient hotel, 216 West Main, D. N. Coleman, Prop. 27-2t\*

To Form National Selling Organization Louisville, Ky., May 7.—Tobacco growers from every district in the United States assembled here today and began the movement for a national selling organization. That the market still is in the hands of certain interests despite the efforts of the government, was asserted. The Louisiana delegates report the destruction of a large part of the Perique tobacco crop due to the floods.

### RICH FATHER LETS HIS SON WORK OUT FINE

Chicago, Ill., May 7.—Harold Bracken, 19 years old, was taken to the work house last night to serve out a fine of \$200 which his wealthy father refused to pay. The younger Bracken ran over a pedestrian with his automobile Sunday night and tried to escape arrest by driving away from the scene. His father said he had hoped that the imprisonment "would teach him a lesson."

W. A. Hill, representing A. D. Shrewsbury and company of Little Rock, Ark., says that the impression which has gone forth that he is no longer interested in the Dan Hayes Addition is wholly erroneous; that the company will soon erect about one dozen modern cottages on their lots, and that he is in position to sell these places on the easy payment plan. Furthermore he is able to sell you a lot and build you a home to your liking in the same way. 21-tf

## NEGRO BOY'S SKULL FRACTURED

A serious accident happened at the negro ball game Tuesday afternoon as a result of which three boys, Leon Farrie, Cremo Hodge and Peter Harris were painfully hurt. The first named being fractured, but the other two fared somewhat better. An Ada player said to have been Dave Albert, let the bat slip out of his hand and it struck all three of the small boys above mentioned. The first named had his skull crushed to an extent that made it necessary to trepan it. After the pressure had been removed from his brain he rallied and is expected to recover unless complications set up.

## LUNGS SORE. CHEST FEELS STUFFY. COUGH DRY AND DEEP. CAUGHT A SEVERE COLD

These Symptoms Call for Dr. King's New Discovery, With a Record of Cures for Over 43 Years Back of It.

Dr. King's New Discovery is not a cure all. It is prepared to treat and relieve every kind of cough and cold of infants, children, adults and aged. It was originated during a severe cough epidemic 43 years ago, was an immediate success and is probably the most used cough and cold prescription in the world. Your money refunded if Dr. King's New Discovery does not relieve you.

Don't put off getting relief. Buy a bottle from your druggist today.

"It cured me of a dreadful cough," writes Mrs. J. F. Davis, Stickney Corner, Me., "after doctor's treatment and all other remedies had failed." Excellent for coughs, colds or any bronchial affection.

Mrs. A. F. Mertz, of Glen Ellyn, Ill., writes: "I had a hard, stubborn cough that I had doctored for over six weeks without my getting any better. Our druggist finally recommended Dr. King's New Discovery and my husband bought a dollar bottle. After using two-thirds of it my trouble eased down, and it was not long till I was completely cured. Dr. King's New Discovery surely deserves all the praise it gets." Sold by

## Ramsey Drug Company

### The Care of Houseplants.

"Will you please send me a book of instruction on the care and culture of all kinds of houseplants, including ferns."—Mrs. J. P. H., Pittsburg, Ok.

There are certain general principles which apply to all plants, whether they be raised indoors or out. The average person who has "poor luck" so-called, is treating the plants wrongly in some three or four particulars.

The first of these, and the most common way in which plants are injured, is the method of watering. Do not water your plants often. Let them go for three or four days, or occasionally even a week. Then wet them down very thoroughly, setting the plants out some place where they can drain without injuring anything beneath them. A bathtub or back porch is very convenient for this purpose. Let them set there for an hour or two and pour water on them at intervals so as to get them thoroughly soaked.

Another respect in which plants are frequently mistreated is in the matter of temperature of the room. Do not keep the room too hot nor too cold, and above all, do not let it vary. Plants will not stand sudden and great variation. Most houseplants will grow quite readily in a room which is kept at 90 degrees or they will grow quite readily in a room which is kept at 60 degrees but they will not grow in a room which runs from 60 degrees to 90 degrees.

During the night, if the plants are to be left in the same room in which they stood during the day, they should be placed somewhat nearer the stove. Otherwise they are apt to chill, and after a week will show in the foliage the effects of these night chills. Also, try to keep the air in the room as damp as possible. Keep a pan of water or something else of a similar nature on the stove all the time, so the steam will be passed off into the room. In this manner you will find that the leaves will not dry out in the way they frequently do in rooms where

the atmosphere is too dry.—N. O. Booth, Horticulturist and Botanist, Oklahoma A. and M. College Experiment Station, Stillwater.

Prof. M. L. Perkins and family returned to Ada Tuesday after an absence of several months. Prof. Perkins has been taking a special course at the University of Chicago and Mrs. Perkins has been at Springfield, Mo.
